6. [] LIAISON Called Scott Cohen, Executive Assistant to Senator Charles Percy (R., Ill.), and alerted him to the package we sent to the Senator which includes a letter from the Director to Senator John McClellan (D., Ark.) expressing the Director's concern over the Senate Select Committee's proposed release of their "assassination report." Cohen said he would be sure the Senator sees the letter. I told Cohen the Director was having a press conference at the moment to explain the reasons why names of employees should be deleted from this report. Cohen suggested we get a transcript of that press conference printed up as soon as possible and get it to the members of the Senate. He said that way the members would have the whole story instead of just what the reporters want to put out.
